Battery installation instruction:

① Remove screws from the battery cover
② And remove the cover
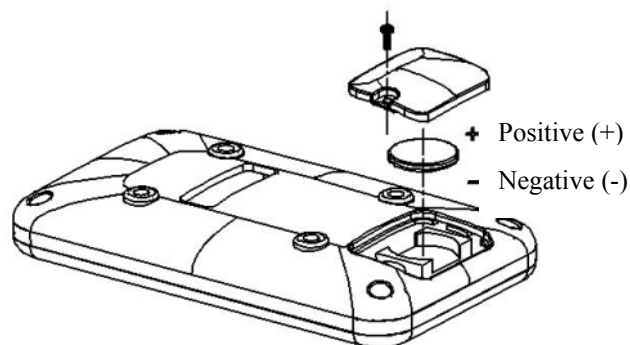

Positive (+)

Negative (-)

③ Install a new CR2032 battery by tilting the battery slightly to its side and slide it in. (positive (+) at upper side and negative (-) at down side)
Make sure the right side battery connector is on top of the battery.

The left side battery connector is under the battery.

④ For the battery change, please gently pry out the battery with a thin blade.

⑤ Put the battery cover back
